

How to Set Up Push Authentication

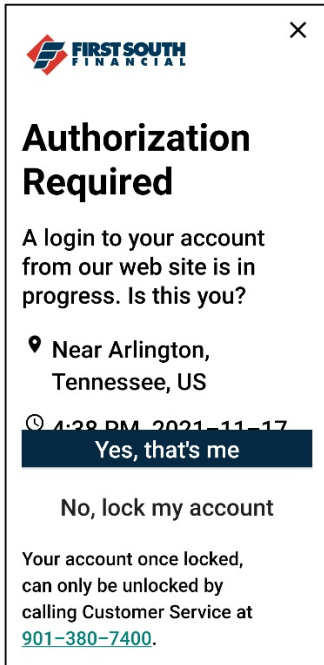

This is a great way to quickly confirm that the attempted access to your account is coming from a legitimate source.

PLEASE NOTE: The latest version of the app needs to be installed on your device in order to enable Push Authentication.

1. Login into the digital banking platform.
2. Access Security under the User settings.

10. When this notification appears, tap the appropriate response - "Yes, that's me" or "No, lock my account"

If you need additional assistance, please contact us at 901-380-7400 and we'll be happy to help.
