

## How to Activate a Credit Card

You can quickly and easily activate your new card in just a few steps. Be sure you have the card with you when you start the process.

1. Login into the digital banking platform.
2. Click or tap on the card you want to activate.
3. Click or tap on “Details/Settings/Card Controls”.
4. In the Card Profile section, click or tap “Activate”.

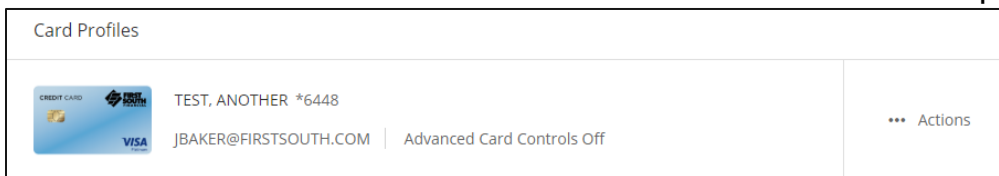

5. Enter the following information:
  - a. The 16 digit card number
  - b. The name on the card as it appears on the card
  - c. The expiration month and year (use the drop down menu)

The screenshot shows the 'Activate Card' form. It includes a card icon and the text 'Activate Card'. Below this, it says 'Finish activating the credit card for VISA ADVANTAGE \*6448 by filling out the form below.' The form has three main sections: 'Full card number' with a field containing '6448', 'Name on card' with a field containing 'ANOTHER TEST', and 'Expiration month' and 'Expiration year' with dropdown menus showing '07' and '24' respectively. At the bottom, there are two buttons: 'Activate' and 'Cancel'.

6. Click or tap “Activate”
7. A message will appear at the bottom of the screen advising you that your card has been activated and the Card Profile section will be updated.
